Spills Update April 2001

Spills Issues: Progress Since March 1, 2001 TAG

- Met with DNR Spills Team to Establish Working Group - Spills Team is taking lead on this issue
- Decided to move existing NR 445.08 into spills rules in NR 706 - to have applicable rules in one place
- Currently working internally on draft language
- Meeting to be set up with stakeholders (TAG and Spills Focus Group) Mid-late April
- Present recommended language to TAG in early summer
